About Khowang College :

Khowang College is a pioneer institution of higher education located in a rural set up of Khowang Ghat, Dibrugarh. Established in 1982, the college campus spans an area of 107 bighas in the southern bank of the Burhidihing river. The college is well connected by rail and road. It is about three kilometres from NH-37, eleven Kilometres from Moran and twenty-five kilometres from Dibrugarh town. The scenic beauty and serenity of the college campus is conducive for calm and peaceful academic pursuit.

Theme of the Seminar:

Needless to say, the disastrous Covid-19 pandemic has adversely affected almost all the sectors of the countries of World. India is also not an exception. The disease impacted India's economy on a large scale, thus further damaging growth and progress. In these difficult times, when the economy seemed to fall with each passing day, Hon'ble Prime Minister of India, Narendra Modi ji introduced a concept called Aatmanirbhar Bharat. "Aatmanirbhar Bharat" or "Self Reliant India" is not only a concept but it actually is the vision of our hon'ble Prime Minister to make India and Indians self reliant by starting production of all mandatory items locally. With this virtuous vision, Prime Minister Modi ji announced a package of 20 lakhs crore to revive the economy and address the issues affecting various sections of people.

The five pillars of Aatmanirbhar Bharat Abhiyaan (ABA) are-Economy, Infrastructure, System, Vibrant Demography and Demand. In 2021, Govt. of India announced Azadi ka Amrit Mahotsav to memorialize 75 years of progressive India. Both these ABA and Azadi ka Amrit Mahotsav (AAM) can together activate India's development in every field. Azadi ka Amrit Mahotsav (AAM) incorporate patriotism among the people of India. AAM campaign is very closely related to these two campaigns, one is 'Vocal for Local' and the other one is 'Make in India'. Products produced by the local MSMEs motivate consumers to consume indigenous products. In this way step by step Indian economy will become a developed economy and the vision of 'make in India' will be fulfilled in the near future. The purpose of this seminar

is to enhance self-confidence of the MSMEs. MSMEs can earn their livelihood and, they can generate employment through self-confidence and self-reliance. This vision of 'Make in India' is only possible through the rural, marginal laborer, educated youth and small industrialist. This seminar tries to highlight the link up among 'Make in India', 'Vocal for local', 'ABA' and 'AAM' and their success in North-East India. Another purpose of this seminar is to create awareness of these campaigns. Thrust for economic development among the peoples of North-East is another purpose of this seminar.
